

ANNE & BRIAN

**Dear Birthmother,
Thank you for taking the time to get to know us, and for considering such a selfless act to help make our dreams, or another waiting parent's, dreams come true! We have been together for sixteen years and we have a lot of love we want to share with our soon-to-be child.**

Brian is a loving husband and dog-dad. He has been a high school teacher for the last 15 years, over a decade of those in special education. He has a passion for the outdoors--hiking, biking, golfing, running, kayaking, and paddle boarding. He grew up playing and loving all sports. He has 4 brothers who are waiting to dote on their new niece or nephew.

Anne is a loving wife and dog-mom. She has been a college administrator the last 13 years. She loves to read, go to the beach, listen to music, spend time with her close friends, and find ways to be creative. She spends her free time mentoring young adults with special needs and working with the Olympia Snowe Women's Leadership Institute to develop confidence and leadership skills in young women.

We have two dogs, Stan, the Boston Terrier, and Penny, the Shelter Dog. Stan is a two-year-old soccer Phenom who enjoys walks on the beach, playing, and snuggling. Penny is an old lady--she's 14! While she was quite fast in her heyday, she mostly enjoys napping, snacking, and belly rubs these day. They are kid tested and baby approved! Stan has graciously allowed us to practice cuddling her like a baby, and is looking forward to having someone else to join her in snuggling.

We live in a small beach town in Maine, within biking distance from the beach. We are within walking distance to our town's highly ranked public schools. We have a backyard perfect for playing and veggie gardens for a future gardener. We have plenty to do in town, all within walking distance--parks, library, downtown and more! We are just a short train-ride away from Boston and have other great cities just a half-hour away.

**We love spending time
in the great outdoors.
Maine has a lot to offer!
We have friends and
family in Boston and
the surrounding areas,
which is just a short
train ride or drive away.**

We enjoy spending time enjoying the great outdoors Maine offers and traveling to find new adventures. Grandma has a condo in the white mountains for us to escape to for some hiking or swimming.
