

Scott & Becky

Hi there!

Dear expectant mother,

You are so brave. We respect you and the decision you will make for your life and the life of your unborn child. If you are open to it, we would love the opportunity to get to know who you are and support you in any way we possibly can. Likewise, we want to thank you for taking the time to learn about us.

Our journey to become parents started a few years ago. When we had little success conceiving on our own, we decided to try in vitro fertilization. We felt strongly that for us, becoming parents was not limited to “traditional standards” and after failed IVF attempts and many losses, it became clear what our purpose in our lives was: to give a child a life filled with love, family traditions, compassion, and unconditional support regardless of how they came into our lives.

We are two loving people, with open hearts, open ears, and an open home. Please know that we are here to comfort and empower you throughout this process if you would like us to be. Your courage, strength, and sacrifices are admirable.

Meet Becky

Becky has been described as a grown-up kid herself and is always up for playing or crawling around with the kiddos and making them giggle beyond control. Becky currently provides daycare for her 3-year-old nephew as well as several other children throughout the week. She works at her church as the supervisor of the nursery. She is Methodist and finds strength in her faith. She absolutely adores children, and that feeling is always mutual. Becky is a bookworm and loves to read. She sometimes can read a book a day! She also enjoys true-crime shows and is currently enrolled in college taking courses to pursue her degree in criminal justice. Becky has a sweet and kind soul and looks forward to the journey of becoming a mother.

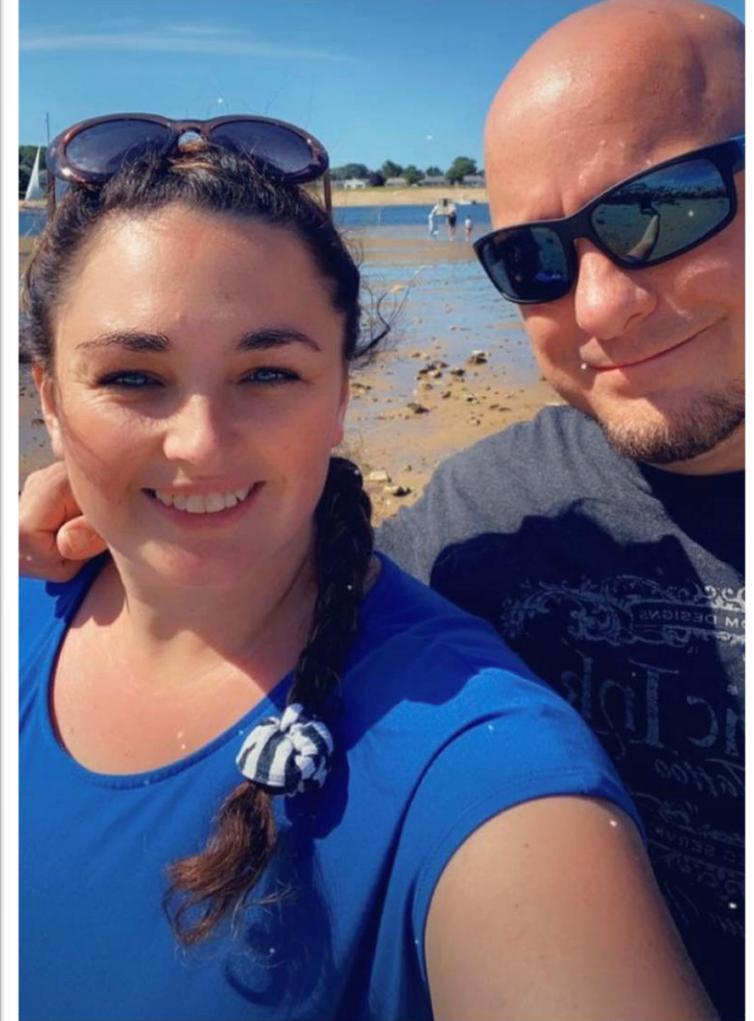

Meet Scott

Scott is a sweet and loving soul who makes people laugh until their sides hurt. He is known for his big booming laugh and smile that is contagious. Scott works as a Systems Administrator. He has a passion and knack for anything IT. Scott enjoys having family fires with smore's, playing the drums and getting new tattoos. He enjoys anything adventurous and is usually behind any fun antics he and Becky do including parasailing and jet skiing. He is extremely dedicated to his family and cares deeply for all the important people in his life. Scott is a sensitive and kind person with much love to devote to a child. He cannot wait to start the journey of becoming a father.

Weiley

Our Dog, Weiland, is a 6-year-old lab/terrier mix. She's a sweet and spunky girl who has lots of energy to use playing with a new baby brother or sister! Weiland has always shown us that she has a soft spot for children and can usually be found giving kisses and keeping an eye on them to make sure they're safe. She loves to play with our nephew and with all our friends' children. We know that she'll make a great big sister if given the opportunity to have a human sibling!

Adoption day: December 15th 2016.

We live in a beautiful raised ranch on a quiet dead end street. We enjoy the privacy our location gives us. We use our backyard for family gatherings such as cookouts and for fires in the pit. Our favorite place in our home is by far nestled by the cozy fireplace in our living room. Our home is a short drive away from the center of town which is perfect for nightly walks. We also live a short walk away from a beautiful farm where we enjoy apple picking in the fall.

Where we live...

We live in a smaller, scenic town in Massachusetts. We can't wait to spend time exploring all our town has to offer with a baby in tow. Our town offers plenty of kid-friendly activities such as story time at the local library, a baby gym, a farm/petting zoo right up the street and multiple playgrounds and parks nearby. We enjoy walking our dog in the center of our town and going to see movies at the local theatre. We are less than an hour from several different zoos and aquariums that we enjoy attending year-round. You can usually find us walking on the beach of one of the local lakes or grabbing some ice cream at our favorite spot! Our town also has a very good school system, and we look forward to getting as involved with our future child's education as much as we can.

It is a great bonding time for us to experience fun and exciting things as a couple and to explore new places. We have traveled abroad to places including Iceland, Ireland and Italy. We also have had fun adventures in California and South Carolina. We most frequently visit surrounding states such as New Hampshire, Maine and Vermont to spend time with family.
