

# CHRIS & MAX

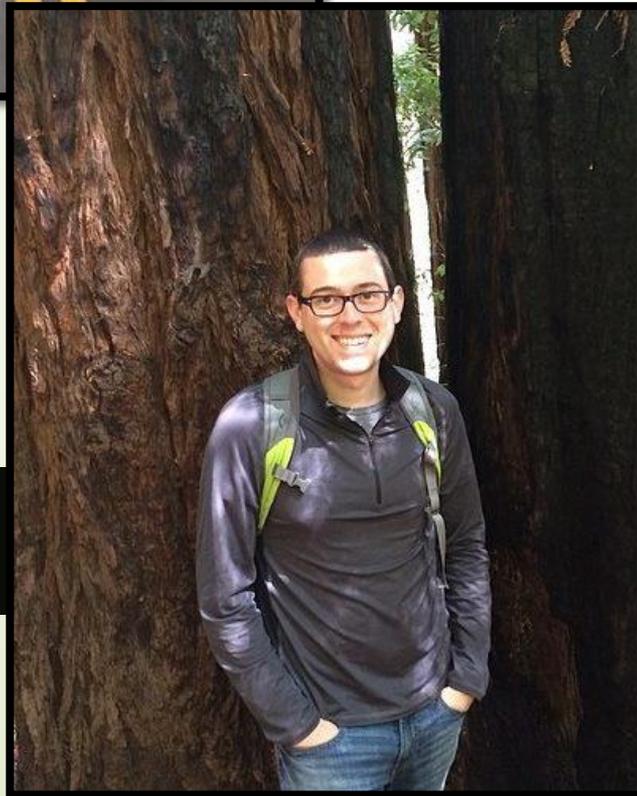

Dear Birthmother,

Our names are Chris and Max, and we want to thank you for taking the time learn more about us and our dream to start a family through adoption. While we have never met you, we want you to know that we are grateful to be considered in this important decision. We have the utmost respect for you and want to provide a safe and loving family for this child to grow up in.

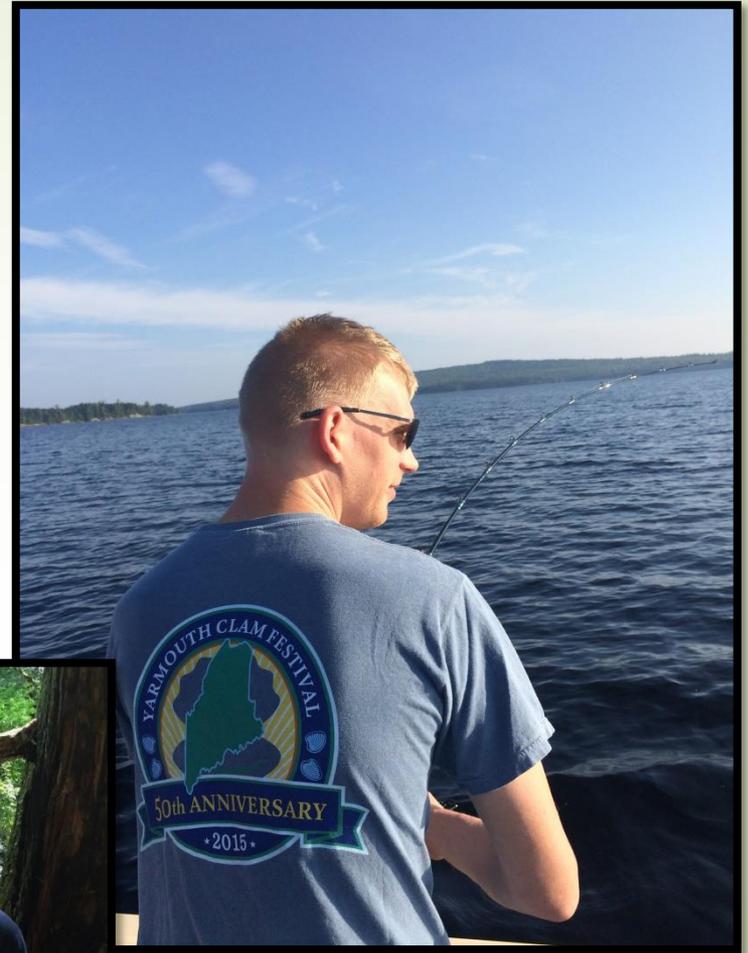

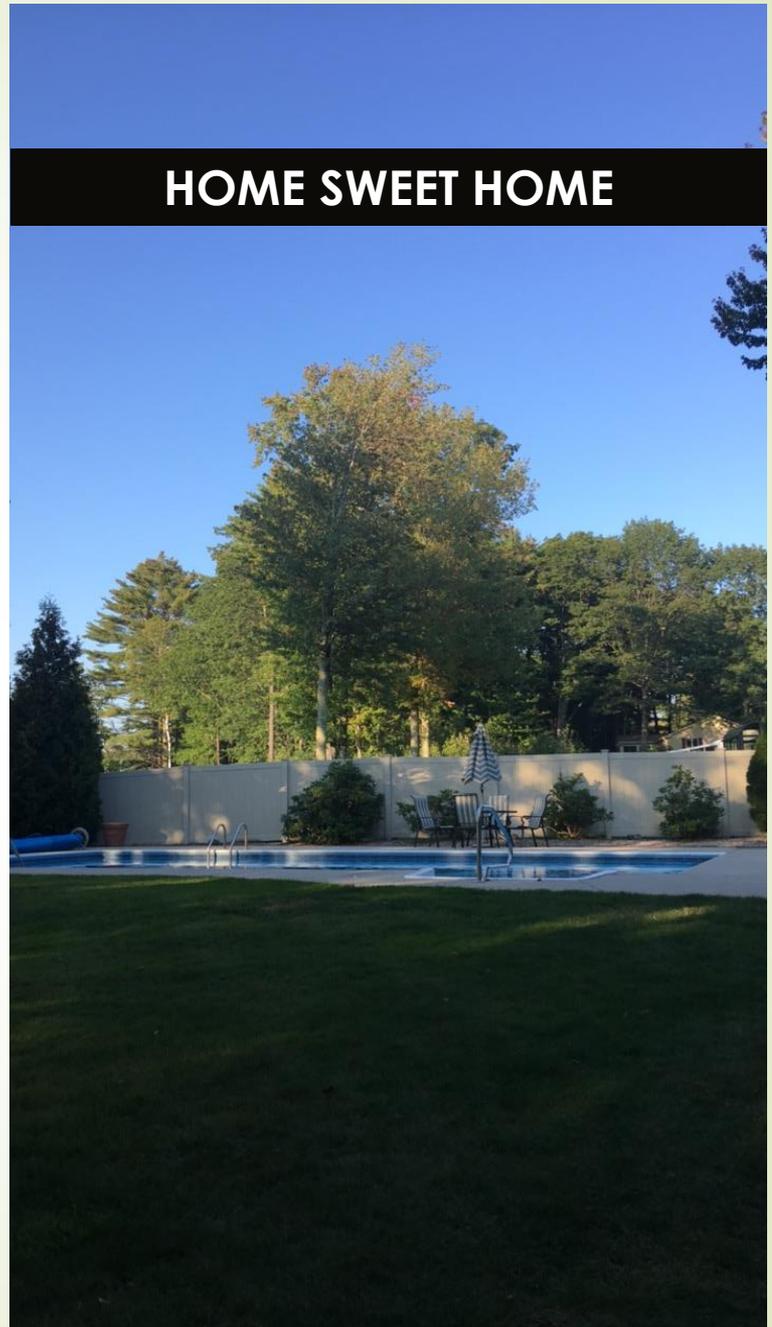

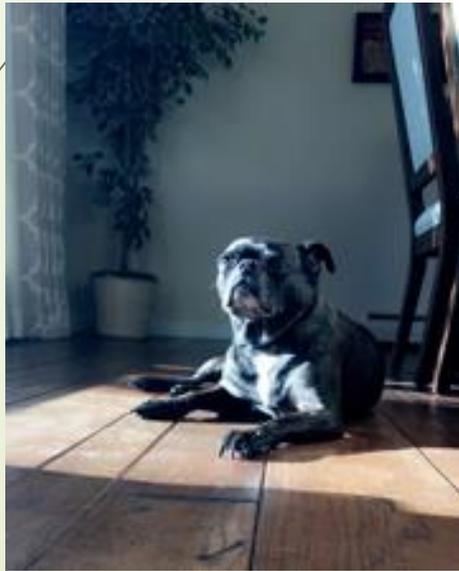

**MAX**

I was raised in Windham, ME with my two sisters. I was always active as a child playing soccer and swimming at our family camp during summer vacation. That active lifestyle has carried through with the hiking and running races that I have participated in over the past few years. I have a degree in Business Administration and have a career in banking. I am the cook and neat freak in the family, making meals for friends and family and always hosting Thanksgiving and our annual Christmas party. I am drawn to spending vacations on the lake with the family and celebrating old and new traditions.

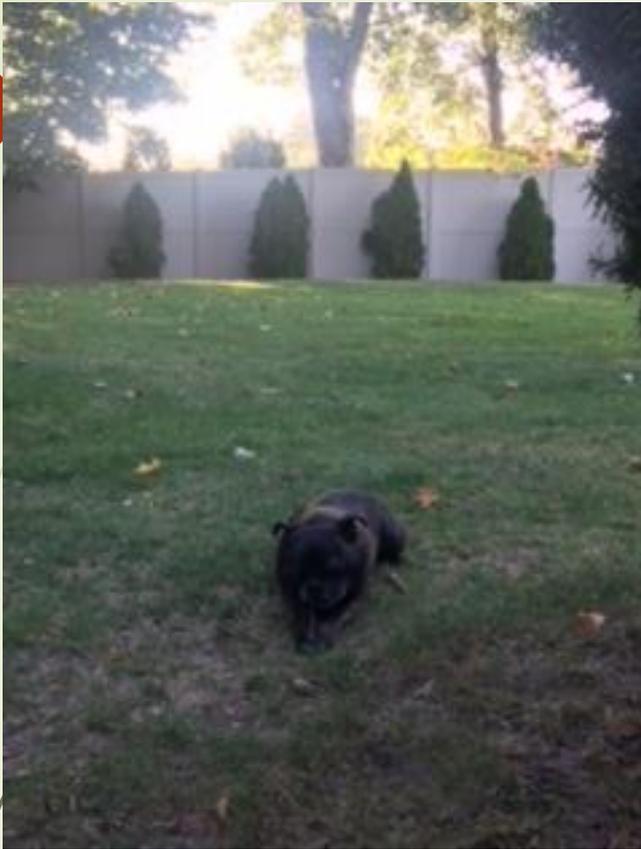

I was raised in Pownal, ME with my two brothers and my sister. I have a degree in business administration and I work in finance. Family is very important to me, my large family gets together every other Sunday for family dinner and it's always 20+ people, 3+ dogs, and it's how we all keep in touch through the years. Anyone who meets me knows I'm extremely social and always have a funny story to tell. I love being active and finding a new destination for us to travel to. We have been to several states and countries, exploring mostly by foot.

HOME SWEET HOME

Our 8 year old pug, Lexi, doesn't go on as many outdoor adventures as she used to, but she loves playing in the fenced in backyard!

We were born and raised in Maine and all of our family is close by. We look forward being able to do what we love with our children and you can expect that they will be hiking in the fresh mountain air and travelling to a variety of places to have new experiences. Being in a more rural setting, we have direct access to a variety of local, fresh foods straight from the farm.

We recently moved to a quiet neighborhood in Westbrook, ME, closer to where we grew up and closer to walking trails for biking and rollerblading, familiar schools and sports fields for any activity a child wishes to do. We have a swimming pool and large yard to enjoy in the summer, and plenty of room to welcome family during the holidays.

Thank you so much for taking the time to read about us and we'd like to express our gratitude for the opportunity to share our hopes for our family. We have both come from large families and have both wanted to raise a family of our own. Over the past several years we have been working towards adoption and know that adoption is our best choice.

Love,  
Chris & Max
