

Jonathan & Heather

Dear Birthmother,

We understand you've been on a rollercoaster so far and we want you to know that we think you are a brave, admirable, and strong woman. This is no easy task for anyone, so if you consider us as a family for your child, we would be extremely honored!

Much like a fairy godmother, you could be the one to grant us our dream of finally being parents!

We met online in 2008 and it did not take us long to realize we were meant to be together. We both love Disney, scuba diving, zip lining, skiing and most anything adventurous! We got married in 2010 and started our journey to become parents not too long after. After trying a few rounds of IVF without success, we decided adoption would be the better option for us.

I was adopted at a young age and moved around a bit with my family. I work from home as a veterinary recruiter. Having a degree in Organizational Leadership with a Human Resources focus, I'm blessed to be doing my dream job. When I'm not working, I love shopping, baking, cooking, crafting, sewing, playing video games, driving my Jeep, and all things Disney.

Heather

I was born and raised in the suburbs of Cincinnati, OH. After high school I joined the United States Navy and served on a submarine. My career in public service continued after leaving the Navy, as I work in the Fire/EMS field. I have since earned my bachelor's degree and am currently working for the federal government. In my free time I love hanging out with Heather and our two fur babies. We are both certified scuba divers and had a ton of fun exploring the oceans on vacation. Over the winter months we like to have fun by going skiing and snow tubing.

Jonathan

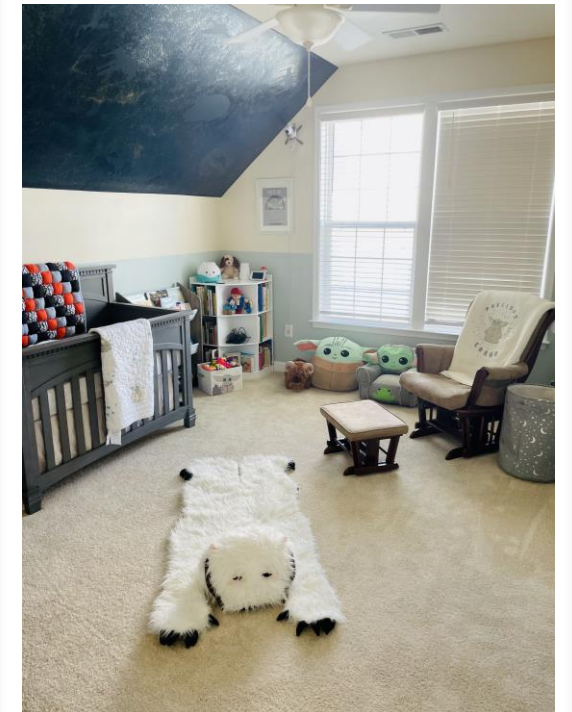

We have a two year old Golden Retriever named Flynn Rider, and a nine month old Shitzu/Bichon named Luna Belle. They are both very sweet, gentle, and love kids! Flynn is a bit skittish and very loyal, while Luna Belle is ready to take on the world and then snuggle.

As for the holidays, we spend many of them with our neighbors across the street. We are blessed to have Julie, Tad, and daughters Brooke and Addie as neighbors that we consider family! They also have four dogs that play with our two! Jonathan's family usually comes into town just after Christmas and stays through New Year's. They live a few hours away, but they visit as much as possible. Every year we have a tradition to look at the neighborhood Christmas lights and track where Santa is online (Heather loves the little things in life like that). We look forward to leaving cookies out for Santa and carrots for the reindeer! If you are of another culture, then we will do everything we can to learn about it and incorporate those celebrations into our lives as well!

We have a spacious home with a large fenced in yard that is begging for a swing set! Our neighborhood is very safe, quiet, and full of loving families of all backgrounds. On Friday evenings in the Fall, most of those residing on our block can be found gathered around a few bonfires, roasting marshmallows and catching up while all the kids and dogs play. The only thing missing from these gatherings is a child of our own.

Thank you for considering us.....Our lives have everything we need to live a full, happy life... except the pitter patter of tiny feet and a small one's laughter. We look forward to meeting you and having our dream come true!

Sincerely,
Jonathan & Heather
